

Will You Read This Twice?

A very important question to-day which every housekeeper must decide for herself is whether she prefers pure, cream of tartar baking powder like Royal or whether she is willing to use baking powder made of inferior substitutes which do not add healthful qualities to the food.

One kind is easily distinguished from the other, since the laws of various States require the ingredients to be printed upon the label. If anyone is in doubt which kind is most healthful, it is worth while to ask the family doctor. Then decide.

And when once a decision is reached let no advertisement or dealer's argument or canvasser's solicitation change the decision. It is not a question of a few cents or of pleasing a salesman. It is a question of health.

If this appeals to you as reasonable and sensible advice, it is worth reading twice. And it is worth remembering.

Reba.

Our community was greatly enthused and helped by the United Brethren Quarterly Conference, which convened in the U. B. church in our place, the District Superintendent, O. B. West, was present and gave a thorough, stirring address founding his remarks on the last chapter of Malachi, telling the people their duties and admonishing them to hold to their own church and not follow off after every ism and thing that comes along, also against allowing every Tom, Dick and Harry entering and organizing in our churches.

We had a very good attendance and good feeling and interest shown. Each of the churches on the charge represented and expressed their determination to do better work this year than ever before and stand by their pastor, C. H. Schad, who has been well received by all people.

Henry Barnett and wife were in attendance and mingled with friends and acquaintances.

The sermon at night was a stirring one and the large audience was much pleased. We feel that this will be the greatest year the Kentucky Conference has ever known. We have the material and the workers are here to serve and use this material for the Lord.

The new stock and feed barn of W. L. Grady, is now completed, so far as the carpenter's work is concerned. It was put up by the noted barn builder of this section, Granville Bradshaw, who understands his business, and puts in all the day and part of the night when he begins a job of this kind until completed. Mr. Grady will have his barn so arranged to have water in every stall for his stock which makes it very convenient for him.

We all can certainly boast of the fine weather we have had during the fall season. There has not been enough frost to scarcely injure our grass. Our stock can have fine grazing at the present, and with the bountiful crop of mast we have in our woods and the woods are simply full of hogs getting fat every day. While our corn crop is not as good as we would like for it to be, there is enough of other good things that will overbalance the shortage. We are glad to note that every thing is looking up in this section financially.

J. A. Parson and family, who have been living in our midst for the past four years, will move to their property at Portland in a day or so. We regret to see this family leave our midst. We have never had better neighbors in every particular than they were. Mr. Joel Rodgers and family, of Roachville, will move in at once and

we have every reason to believe that they will take the place of the retiring family in every respect.

Mr. M. L. Owens, of this place, who was the Independent candidate for Circuit clerk, made a fine showing. In a county that gave Morrow about 416 majority: Mr. Owens was beaten by the Republican nominee, by only about 159 votes. As Mr. Owens didn't decide to enter the race until too late to get under the rooster he had to run as above mentioned. After running a race which is a credit to himself and his adopted county.
